Mrs. Manly. —
Dear Madam: —

I am writing
you concerning enclosed confirmation of
a game to be played in York tomorrow
between your Newark Eagles & the Cubs.
If you remember correctly the first
time I met you & Mrs. Manly you spoke
of ~~how~~ how unbusinesslike Negro Base-
Ball was run. We also spoke of the
scarcity of Base Ball Parks to play
in. After listening to you I thought you
were a God Send to Negro Base Ball
as you surely would do your part in
running your Business in a Businesslike

manner. I guess you would say
this was cancellati at least
minute is good Business. You
should not have accepted the game if
you were not going to ~~be~~ live up to
your agreement. York has just started
to appreciate Colonel Bruce Bell when
this cancellati showed up. I cant
understand why the White Promoter up
in Mass. could not have been can-
celled out instead of the Promoter of
your own color. It seems to be a
natural trait of ours to look after
the other race first. If you remember
correctly and I know you do you
have a check of mine for Twenty Five
Dollars which I as a bad Business
man have failed to make good.
The Bills for Newark are at York

Ralph's Adventures & such have cost
me a total of over Thirty Dollars.
That of course means nothing to you
so please tear up my check as
a Business Lady would and we will
call that even. I have Newark &
Hemstead & Grays looked for by
on Monday night Aug 11th. Percy wrote
me concerning same. The Sport writers
(White) ~~was~~ in appreciation of what they
saw of Lem Day want to want to
make it a Lem Day night. Please
notify me & one soot to which you
will allow your team to appear or if
there is a possibility of another Day
promoting cancelling it out. I am
sorry this has occurred but all though

life I ad always tried to give
the colored man the preference.

Hoping you will answer it once
concerning August 11th.

I remain.

Yours Respectfully
D-S. Marshall
